CORD-LOX®

CLOSED LOOP SERIES

(step 1)

(step 2)

(step 3)

The Closed Loop model was our first design, and it's still one of the most popular. It's so easy to use. You simpy insert the end of the cord through the opening in the middle, (step 1) then pinch it around the cord (step 2). It will stay on the cord until you take it off. Then just coil up the cord and wrap the Cord-Lox around it (step 3).
Your cords are now tangle free and securly fastened, ready for their next use.

Custom colors, sizes and logo printing are available.
